Senior Software Consultant

Cambridge Design Partnership is a successful innovation partner focused on creating value for our clients by transforming new ideas, design and technology into commercial success.

Working within our multidisciplinary teams on major development projects, you will be responsible for developing software for a range of product applications. You will have an excellent track record in embedded software development and be hungry for the greater opportunities and rewards we can provide.

Requirements:

- Excellent first degree in software engineering or a related discipline
- A breadth of technologies (C, C++, C#, Java, GWT, Ruby, Python, Lua, SQL, LabView, MatLab)
- Embedded systems ranging from microcontrollers to SBC's interfacing to raw I/O, ADC/s, PWM's GPS, UART, SPT, Bluetooth, wifi, GPRS, LED, LCD, touch screens
- Communications protocols
- Desktop applications to control embedded systems and to manage data
- Experience of developing web based services
- Creating reliable code by design and using best practices
- Able to work as a sole software developer or as part of a team with attention to detail
- Several years experience in an industrial or consultancy environment
- Ability to identify opportunities and communicate concepts
- Proven conceptual and problem solving capability
- Interest in working closely with clients both in selling and managing projects

With our offices in a beautiful rural location close to Cambridge, we offer our team an exciting and challenging working environment. An excellent opportunity to join a technical consultancy that's going places! All of our employees make an important contribution to the development of the business and opportunities exist for rapid personal development. Benefits include a competitive salary, performance related bonus, bonus, 12% non contributory pension scheme, private healthcare and 25 days holiday plus statutory holidays.

If you have the skills and personal qualities to succeed in this role, please email your CV with current remuneration details to Heidi Cane, Human Resources Manager at recruitment@cambridge-design.co.uk
